**Write a program to get LCM of two number**

@PYTHONCODE11

## CODE

```
a=int(input("Enter number 1"))
b=int(input("Enter number 2"))
lar=max(a,b)
small=min(a,b)
i=lar
while(1):
    if(i%small==0):
        print("The LCM of two number:",i)
        break
    i=i+lar
```

@PYTHONCODE11
